About Props

WHAT WE DO

At Props, our vision is of a future where everyone who has a disability can do purposeful and rewarding work and contribute to their community

To make this a reality, we provide the skills, support and work opportunities that are currently not accessible for young people and adults who have learning disabilities

Our Training Support Services provide the building blocks of work and life skills, while our Enterprises focus on creating tailored pathways to work opportunities, challenging perceptions and breaking down barriers for people who have disabilities in the workplace
