Bristol to Bordeaux Cycle Challenge

10 July – 13 July 2024

The Bristol to Bordeaux Cycle Challenge is a 4-day, 500 mile charity bike ride from the historic port of Bristol to it's twinned city of Bordeaux in the south west of France.

The ride raises money on behalf of PROPS, a Bristol based charity which supports young adults with learning difficulties to achieve their full potential within our community.

Every single penny of money raised by the riders goes directly to the charity, helping them to provide access to practical learning, skills development and accessible work-based experiences

Please help us to help them by sponsoring a rider today. Thankyou.
